'Working for the Community in the name of God'

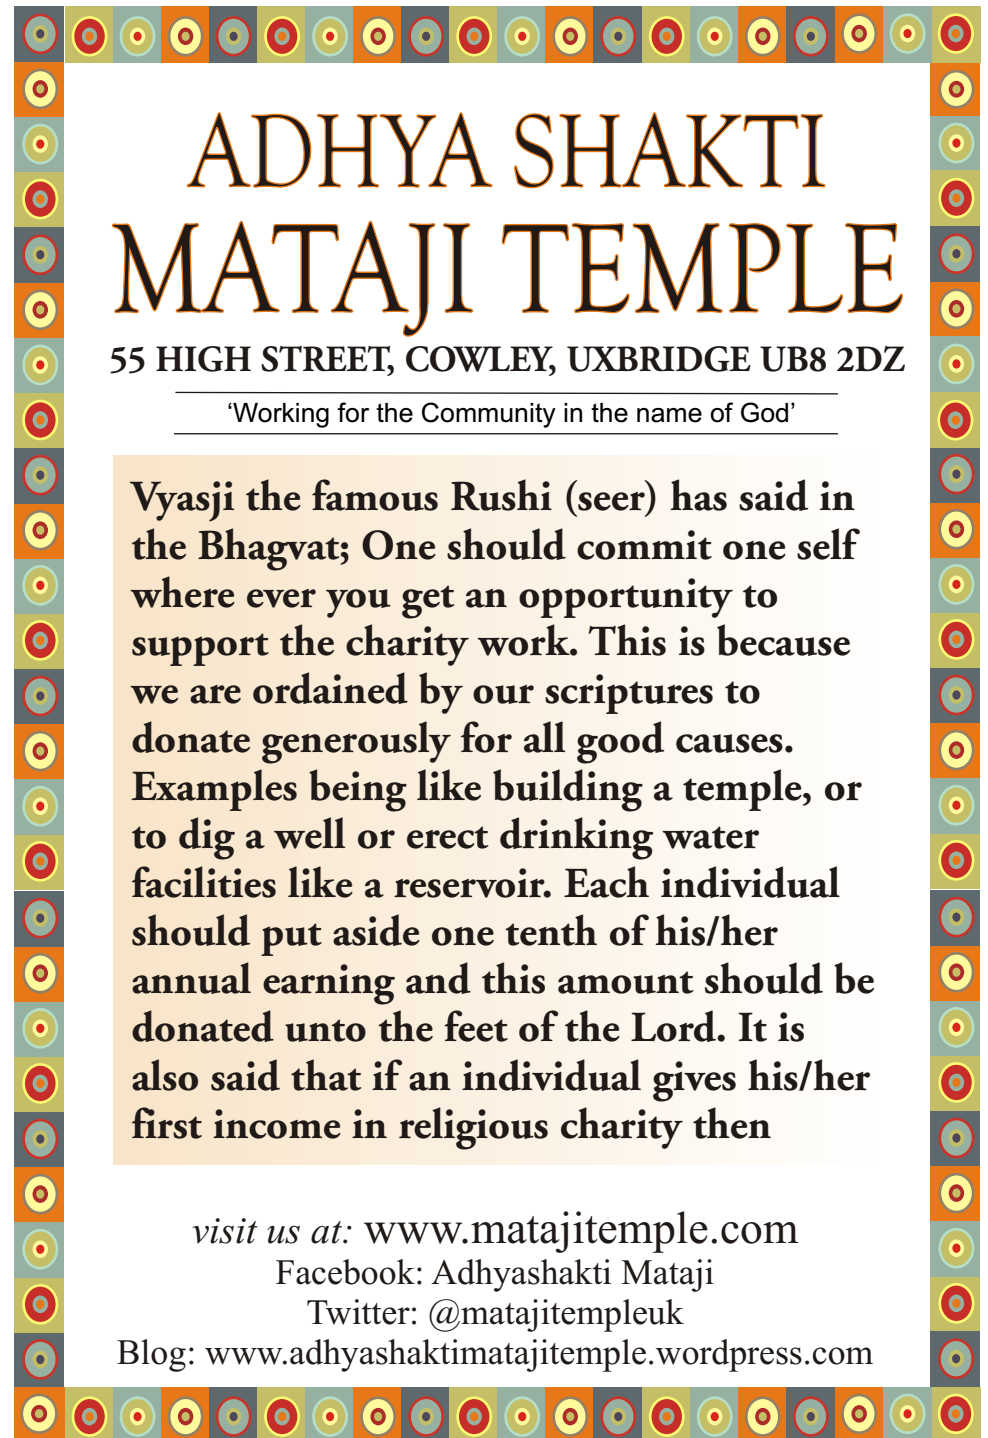

Vyasji the famous Rushi (seer) has said in the Bhagvat; One should commit one self where ever you get an opportunity to support the charity work. This is because we are ordained by our scriptures to donate generously for all good causes. Examples being like building a temple, or to dig a well or erect drinking water facilities like a reservoir. Each individual should put aside one tenth of his/her annual earning and this amount should be donated unto the feet of the Lord. It is also said that if an individual gives his/her first income in religious charity then

1st Phase: A new kitchen and storage at the rear of the Temple is now coming nearer to completion

The progress is dependant on the support from the community.

Lord Krishna in Bhagvat Gita says that one who does the noble charity work, selfless act of generosity with the sense of obligation and moral duty, with the utmost pure intention then his action becomes a divine service.

Such charitable activities purify the individual soul.

Therefore we appeal for you to give generously for this noble cause.

2nd Phase: Under pinning at the Temple to facilitate new Toilets, accommodation for the Priests and Green Energy

3rd Phase:
The Cowley Park side development, murals and basement

Appeal for Spectacular Hindu Temple

Final Phase:
The shrine for “Adhya Shakti Mataji”
